SOCIAL SCIENCES**SUPPER CLUB****Featuring Alan Daly of Education Studies****Wednesday, October 23, 2013
5:30pm, UC San Diego Faculty Club****“Improving Student Outcomes in the San Diego Region:
K-12 Educational Reform Efforts in a Post No Child Left
Behind Era”**

As we move out of the No Child Left Behind era into a new educational landscape dominated by the national Common Core State Standards, what efforts seem to be most promising in improving education specifically in the San Diego region? Daly will address this question through a discussion of ways to enhance teacher professional learning, facilitate leadership development, and engage communities in reform efforts. Underscoring this idea is a more relational approach to educational improvement through shifting a community of learners to a community that learns and innovates.

Supper Club events include a wine reception, full dinner, and Faculty Club parking in addition to the lecture. For reservations and additional information contact Doug Kurtz at 858-822-0805 or by email: dpkurtz@ucsd.edu.
